

# AUDA StreetScape Update November 2, 2011

## CONSTRUCTION PROJECT UPDATE

From November 2nd–9th, please anticipate construction work to continue between Elder's Station & Pine Street on Lincoln Way. Grinding will commence at 7 pm on November 1st by Hansen Brothers. To facilitate the grinding, Lincoln Way will be closed from 7 pm on Nov. 1st to 5 am on Nov. 2nd, but detours will be in place. Paving is scheduled to occur on Wednesday and Thursday, Hansen Brothers will maintain one lane of traffic with appropriate traffic control.

The new streetlights are scheduled to arrive the week of November 7th and will be in-

stalled by Gray Electric once they arrive. At the completion of WAVE Broadband's undergrounding work, PG&E will remove the remaining poles.

The landscaping portion of the project still remains a few weeks out and will occur once all the underground utility work has been completed.

Please anticipate some delays on Lincoln Way. We regret this inconvenience and ask our residents, businesses and visitors to be patient and considerate during the project. The construction will occur over the next month.

Please remember that businesses are open during construction and there is public parking located on Lincoln Way near Elder's, near Depoe Bay and off E. Placer St.

More information on the Streetscape Phase II Project can be found online at:
